Council Members: Paul Armorgie, John Donnelly, Phil Falle, David Gordon-Brown, and Michelle Perree

Twinning Sark and Portbail France

Michelle Perree updated Council on the above. Chief Pleas had given £1,000 for start up expenses.

It is hoped that there will be a visit to Port Bail before next Chief Pleas so that Michelle and her committee can report back.

Sark Chamber of Commerce takes the view that this is good for Sark as it brings together communities in terms of culture, commerce, education, sport, religion and many other areas. We wish Michelle, as our Chamber representative, well and will do everything we can to support her and her committee.

Blue Peter Tree Planting 5th December 2009

Michelle Perree asked if we could Involve Chamber in planting as many trees as possible. The idea being, that if we can plant 200 trees in one hour, then a blue Peter team would come over to assist and give publicity to the Island.

Chamber is happy to be involved in any way it can, because tree planting benefits the Island's natural habitat, flora, fauna and wildlife as well as giving free publicity to the Island.
